"100% recommend Rendura. The team was so hard working, honest, reliable and the result was better than I could have imagined. We've had so many compliments on the house already! I hope we can use you again in the future!"

KIRSTY L

"..I will tell you that I had a quote from Rendura at the beginning of this nightmare and they were a bit more expensive and as we know money is tight these days so I went with the other guy, my biggest mistake..

.. despite the cold and the rain, they worked around the weather. Four lads worked so hard, one day they did a 14.5 hour day in the dark too, luckily my house is well lit up.

They have done an incredible job for me on a difficult base coat, particularly George and Alex, I'm so grateful. So if you need rendering or plastering, they plastered my lounge too, these are your guys! They really are the A team."

PAULA M

"George was great! Brilliant communication, excellent service, even working till late on a Friday night to help us out. Highly recommended thank you for a great job! "

SIAN B

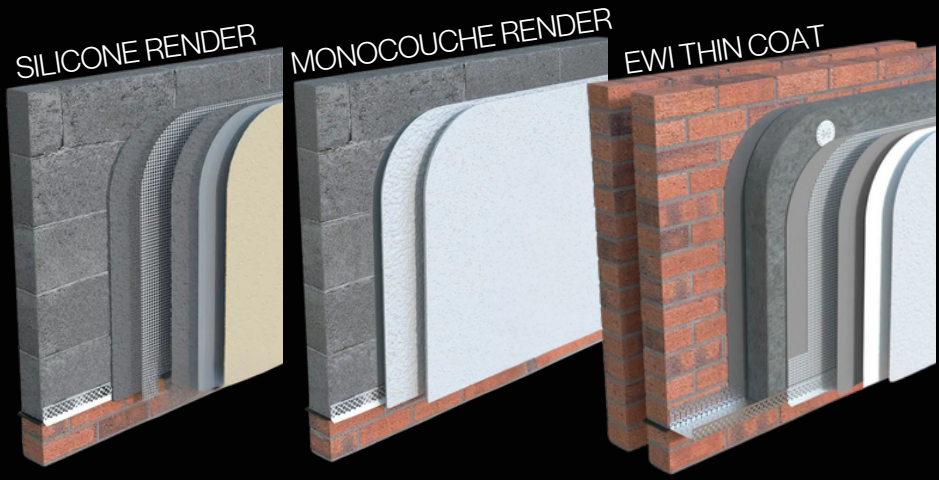

"I was a little dubious at first about using these lads however, it turned out to be the best thing I've ever done when looking for a tradesman. I was absolutely delighted with the work done by Rendura, they were very nice, very professional and knew exactly what was required.

They did an excellent job and were very reasonably priced, I wouldn't hesitate to recommend them to anyone.."
